

# Nonpoint Source Workshop

## Developing Good Proposals For Watershed and/or Ground Water Management Plans

**Wednesday August 6th, 2014 - 9am to noon\***

NDEQ's Van Dorn Facility  
2717 S. 8<sup>th</sup> Street, Suite 4  
Lincoln, NE  
(near 9<sup>th</sup> & Van Dorn, see map)

NDEQ's 2014 Request for Proposals for the Section 319 Nonpoint Source Program is emphasizing submittal of proposals to develop implementable 9-Element Watershed Management and Ground Water Management Plans. These plans then can be used to support on-the-ground projects in future years.

EPA's new Section 319 program guidance requires most projects to be based on approved 9-Element Watershed Management Plans. To help our Water Quality Partners develop good proposals, we are holding a workshop to explain crucial aspects in a quality 9-Element Plan.

### Tentative Agenda\* (times approximate):

8:30a – 9	Donuts, coffee, settling in time	
9 – 9:20	Welcome/Introductions	Link
9:20 – 10	Things in every Good Management Plan	Johnson
10 – 10:10	Break	
10:10 – 10:30	Overview of the 9-Elements	Duncan, EPA
10:30 – 11:00	Basic Application and Project Implementation Plan	Traylor
11 – 12:00	Examples of parts of Good Management Plans	Phillips, Swanson, Archer

\*Ending time dependent on questions/discussion

**Questions:** Call Laura Johnson at 402/471-4249 or Lindsey Phillips at 402/471-6988
